IMPORTER AND GROWER OF ONLY THE
CHOICEST DOMESTIC AND FOREIGN DAHLIAS

INSTRUCTIONS—INFORMATION

To those who are unacquainted with the different classes and varieties of Dahlias I would suggest that such leave the selection to me. Send me the amount of money you wish to invest and in return I will send you those that will surely delight. Also my liberal filling of the order will more than be satisfactory.

ORDER EARLY—As orders are filled in rotation—with field-grown roots only—ordering early will insure the reservation of varieties that later may be sold out.

SUBSTITUTION—Orders are filled with varieties called for, and, unless substitution is asked, I never substitute.

TIME OF SHIPMENT—Unless otherwise ordered, tubers will be shipped after April 15th, by express or insured mail at my expense. Dahlias ordered shipped before April 15th will be sent only at purchaser's risk of drying out, freezing or rotting.

TERMS—Cash with order unless parties are known to me. No goods sent C. O. D. unless 50 per cent of purchase price accompanies order.

GUARANTEE—I guarantee safe arrival of all goods. I guarantee all bulbs and plants to grow and to be true to name, and will cheerfully replace any that fail in either respect.

REMITTANCES should be made by bank draft, postoffice money order or registered letter. Postage stamps accepted up to $2.00. Coin should not be sent by letter unless registered.

ERRORS—While my system for handling orders is as near perfect as possible, yet in the rush of business errors are possible to occur, and I wish to be promptly notified of such and will at once make same satisfactory. Keep copy of your order for comparison.

NAME AND ADDRESS—Remember to write your NAME, POSTOFFICE, COUNTY and STATE; also give STREET NUMBER or P. O. BOX as plainly as possible.

REFERENCE—Bank of Kenton, Portland, Oregon.

Mastick DAHLIAS

Stock limited on varieties marked †

MASTICK DAHLIAS are the results of many years of hybridizing experiments by Mr. C. L. Mastick, a merchant, of this city. His business requiring all his attention, I have arranged with him to handle his creations, he to continue his experiments for my benefit.

I shall offer a limited quantity of these marvelous Dahlias annually, and suggest that, as orders are filled in rotation, you order early, and thus save being disappointed by not having your orders filled.

For 1921 I offer the following eight varieties. All are large flowers with good stems. Stock limited on varieties marked †

LODESTAR—In my 1920 catalogue I mentioned this Dahlia as an introduction for 1921; since then I have learned that Stredwick of England has a Dahlia with this name, so I have changed the name of mine to "GLORIEUX," description of which follows:

GLORIEUX (Decorative)—Received American Dahlia Society's Certificate of Merit at Storrs, Conn., 1920. Its name indicates its French ancestry. It is a flower of wondrous beauty on long strong stems. Color is golden yellow deepening to gamboge bronze in the center, each petal being distinctly tipped white. It is a very free bloomer, and with disbudding will attain a diameter of ten inches. The flower is very full and deep, and is particularly satisfactory as a cut flower. The foliage is as wonderful as the blooms, being an olive green and very dense, forming a graceful bush, the flowers standing well above same. A Dahlia enthusiast, on seeing "Glorieux" growing in my gardens, said: "Mr. Mastick has produced the most glorious Dahlia known to date, as to beauty of coloring and size of flower, to say nothing of unsurpassed foliage, and I believe it will be many years before it is equalled." Price.....**$5.00**

Many new introductions are much higher in price than this, but few if any of them equal it in beauty, habit and size.

ALI BABA (Decorative)—A large, full and very deep flower on strong stem. Long curly waving petals. Color cardinal red white, tipped and blended. A very free bloomer.....**$1.50**

†**BASKERVILLE (Hybrid Cactus)**—Color pure coral on good stem. Large and full with wavy petals. Very free bloomer.....**$1.00**

DOROTHY MAUD (Decorative)—A fine large flower of many rows of graceful and partially folded petals with rather pointed tips. It blooms early and continuously. Color is a Tyrian rose and the stem is all that can be asked for in any Dahlia. It is particularly good as a cut flower and will be a favorite.....**$2.00**

MARY JEAN WARNER (Paeony)—Received the American Dahlia Society's Certificate of Merit, 1920. This is one of the Dahlias that has come to stay. A bright golden yellow. Its 18 to 20-inch stems bear it so erect above the foliage that it can be seen from every part of the garden. It is very large, with broad and slightly reflexed petals, wonderful as a cut flower, and florists predict it will be a grand commercial as well as an exhibition variety **$3.50**

†**MANDALAY (Paeony)**—Large semi-double flower on long strong stem. Beautiful deep scarlet velvety flower with deeper shadings **$1.50**

Stock limited on varieties marked †

SITKA (Decorative)—Color lavender pink. Large full flower on very good stem. Petals curled and reflexed. A very free bloomer and every flower is perfect. At end of seasos it sometimes shows an open center, but this in no way detracts from its beauty. **$1.50**

SUNDOWN (Decorative)—Received the American Dahlia Society's Certificate of Merit, 1920. Again we have the Autumn tints so much in demand and so much admired, but in an unusual form. A full decorative with long curly petals only seen in Dahlias of Holland ancestry. A grand upright stem, fine habit of growth, good keeping qualities, and a long and profuse blooming season makes this a wonderful favorite..... **$3.50**

PREVIOUS "MASTICK" INTRODUCTIONS

ADMIRAL GLENNON (Hybrid Decorative)—A seedling of "The Imp." While this Dahlia is not one of the largest, it is so exquisite both in form and coloring that it attracts the instant attention of everyone who sees it. In color it is a rich dark garnet shading to almost black in the center. The florets are waved and curled, forming a very graceful flower. Its stems are slender but upright and strong enough to bear erect this beautiful Dahlia. To see it is to desire it, and no Dahlia collection will be complete without it..... **$2.00**

†**AMY ROBSART (Decorative)**—Received Certificate of Merit at American Dahlia Society's trial gardens, Storrs, Conn., 1919. An immense decorative of a pleasing deep coral shade with apricot reverse. The petals curl and twist in such manner as to show the reverse as much as the front and, curling backwards, make a deep as well as large flower. Strong upright stems, a free bloomer and good keeper. It is the finest decorative of the year, a joy to behold and more than a pleasure to possess..... **$3.50**

Prof. Geo. W. Fraser of the Connecticut Agricultural College says of this Dahlia: "An immense flower on good stem. Worthy of a place in any garden or for exhibition."

†**CHERRY MALOTTE (Hybrid Paeony)**—I introduced this variety in 1918 and sold it out that season. Have just succeeded in replenishing my stock and can supply but a limited quantity for 1921. Color is cherry red with apricot reverse, gradually changing to coral with lighter tips. Center open and petals curl and incurve. Strong stem. A remarkable and decidedly odd flower and a beauty..... **$2.00**

FANTASTIQUE (Orchid Paeony)—This introduces a new type of Dahlia of an odd and fantastic shape. The flower is semi-double with irregular cup-shaped florets, curled and twisted in a manner that gives the appearance of a variety of Orchid. Its color is a deep wine crimson tipped and bordered with glistening white, and it is borne erect on a long, graceful stem. Recommended for Certificate of Merit (highest award), American Dahlia Society, New York, September, 1917..... **$1.50**

"A very remarkable variety," is Prof. Fraser's verdict on this very odd and attractive Dahlia.

GEORGE H. MASTICK (Hybrid Paeony)—Large flowers of many wavy petals, full to center on strong stems. Color is blackish maroon with currant tips to outer rows of petals. As flower ages it shows a yellow disc around center and changes color to a deep crimson. Remarkably free bloomer and beautiful at all stages. This Dahlia received Certificate of Merit at the trial grounds of the American Dahlia Society, 1919, at Storrs, Conn. **$2.00**

Prof. F. H. Hall of the U. S. Agricultural Experiment Station, Geneva, N. Y., in his list of meritorious Dahlias, says of this variety, "A wonderful flower."

Stock limited on varieties marked †

ILIAMNA (Hybrid Paeony)—Pale salmon pink with yellow shading. Size and shape of Duchess of Brunswick. A free bloomer with strong stems.....**$1.00**

JEANNE FRANCOUER (Hybrid Cactus)—Color, shades of copper and bronze. Flower is composed of very many narrow, curly, twisted petals, and is full to the center. Is a very free bloomer **$1.00**

LADY ALLA (Paeony)—Color is a bright scarlet. Long strong stems, carrying flower well above foliage. Large flower and a good keeper. Fragrant and more fragrant as a cut flower than on the bush. Always attracts great attention at my gardens, and is one of Mr. Mastick's best.....**$1.00**

In Prof. Hall's list Lady Alla is placed as the BEST IN ITS CLASS.

MAHARAJAH (Decorative)—Large and full with long curly petals. Very strong stems. Color is dregs of wine, lightening to burgundy. Grand flower.....**$2.00**
G. S. Crego, originator of the famous "Crego" giant Aster, says:

"For color, shape, size, stem and free blooming qualities, I consider 'Maharajah' the very best Dahlia I have ever grown."

†**MAYOR OTIS (Paeony)**—Color is mulberry red, a peculiar and beautiful shade. Large flower, size and shape of Van Dyke. Free bloomer on long strong stems.....**75c**

QUENTIN DURWARD (Paeony)—A grand new Dahlia of many rows of graceful curling petals; a soft lemon yellow with the outer rows suffused and marked crimson. A large, fluffy flower, with long strong stems. A profuse bloomer and one sure to be a favorite wherever seen. Received a Certificate of Merit at the trial grounds of the American Dahlia Society at Storrs, Conn., in 1919 .....**$3.00**

†**RHEA MITCHELL (Paeony)**—A combination of shades of old rose, mauve and cream, making a beautiful salmon pink flower. Large and full with fluffy petals. Strong stems.....**50c**

†**SHELIKOFF (Decorative)**—Received the American Dahlia Society's Certificate of Merit, 1920. Color is deep garnet. Flower is of great substance, both large and deep. Always full to center, with very long strong stems. One of the best.....**$2.00**

SISTER THERESA (Decorative)—Received the American Dahlia Society's Certificate of Merit, 1920. Color sulphur white shading to greenish in center. Large flower with good stem. Dwarf grower. Very free blooming.....**$1.50**

SIR LANCELOT (Paeony)—Color is blackish maroon. The darkest Dahlia I have yet seen, excepting The Imp. Shape similar to Dr. Peary, but more double and petals stiffer. Strong stems 24 inches long.....**75c**

ST. ELIAS (Cactus)—This is the pure white cactus all Dahlia lovers are looking for. It is large, with florets of good substance, slightly claw-shaped and incurved. Has a grand habit, fine stem, is a profuse bloomer and good keeper. In fact, it is without doubt the best white cactus to date.....**$1.00**

TEKLA (Paeony)—Color bright cardinal. Large flower with inner petals curling over center. Strong stems 24 inches in length. A decided favorite and a beauty.....**$1.00**

The American Dahlia Society's CERTIFICATE OF MERIT is the highest honor possible. Dahlias to be judged are grown under the supervision of Prof. Geo. W. Fraser at the Connecticut Agricultural College, and must receive 85 or more points out of a possible 100 to obtain a certificate. Any variety receiving it is in the perfection class.

Stock limited on varieties marked †

GENERAL COLLECTION

Descriptions of foreign Dahlias are as given by the originators.

Stock limited on varieties marked †

†**ALABASTER (English Cactus)**—A flower of purest white. Blooms large and incurved. Plants sturdy and dwarf, carrying flowers erect on stout stems.....**$1.00**

†**ALASKA (California Decorative)**—A pure white Dahlia that took the prize for the best three-year seedling in 1916. A very free bloomer on good stem and is one of the best California origination **75c**

ALDERMAN (English Cactus)—A genuine all around Dahlia. Color golden orange at base, deepening at points, and with a deeper reddish tint on unopened florets. Plants wonderfully free, early in flowering, and always good. Flowers have first rate stems.**50c**

ALEX KENNEDY (English Cactus)—Deep crimson with extra long strong stems. Very large flower, resembling the F. W. Fellowes in shape.....**$1.00**

AMPHION (English Decorative)—A large, beautiful variety on good stem. Color pink, suffused heliotrope.....**50c**

ATTRACTION (Holland Hybrid Cactus)—One of the best of Holland origin. Large beautiful flowers on long strong stem. Peculiar wavy petals. Color clear lilac rose.....**75c**

AUBURN BEAUTY (English Cactus)—A large incurved variety, petals long and of good substance. Color light bronze passing to yellow in center. Good stem and good every way.....**50c**

AURORE (Holland Peony)—Orange salmon, semi-double, free flowering, strong stem.....**75c**

BEAUTY OF ROSEBONT (California Decorative)—Rosy pink with buff base. Good stem and free bloomer. A good cut flower....**50c**

BERTHA VON SUTTNER (Holland Paeony)—Color salmon pink shaded yellow. Large flowers held erect on long stiff stems. The flower is remarkable in form, with petals twisted at points most artistically **50c**

†**BETTWS (English Paeony)**—One of the best English varieties. As large and fine as Cream King. Color a combination of old gold, rose and amber. Long strong stems. A grand flower.....**$1.00**

†**BETTY BIRD (New California Decorative)**—This Dahlia is an entirely new shape, partaking more after the show type, without the stiffness of that class. It is large and almost globular in form, and is a soft pink in color with a suspicion of yellow at the base of the petals. It has a good stem, is a dwarf grower and a profuse bloomer.....**$5.00**

BIANCA (Holland Cactus)—A Holland variety that has attracted great attention and favorable comment. Gigantic size and splendid form, on long strong stems. Color an exquisite rose. Good habit, free bloomer.....**50c**

BILLIONAIRE, THE (A Stillman Paeony)—This monster paeony is one of the largest of its type we have ever grown. The color is a beautiful shade of golden orange. A wonderful production, as the flowers are of immense size.....**$2.00**

BIZARRE (English Cactus)—A wonderfully pretty bi-colored Cactus, the lower half of the florets being of a crimson scarlet, and the upper half pure white. Flowers of large size, incurved and often partilaly whorled in form. Free flowering and early. Two first-class awards **75c**

Stock limited on varieties marked †

BODEKA (English Cactus)—A particularly satisfactory English flower with rather thickish petals. Color pale pink with white center **50c**

BORDER KING (English Cactus)—Scarlet, with long twisting florets. Fine exhibition flower and one of the earliest to bloom. Very free flowering on strong erect stems. One of the best.. **75c**

†**BREAK O' DAY (American Hybrid Cactus)**—A full high center decorative, with back curved petals coming up through the flatter ones. Color is clear sulphur yellow shading to sulphur white. Very good..... **$1.00**

BRITISH LION (English Cactus)—Color is peculiar, yellowish for the most part, but burnished with red; it is almost tawny in color. Plants are strong and produce huge flowers..... **$1.00**

†**CALIFORNIA ENCHANTRESS (California Hybrid Cactus)** — A large bloom of good substance. A beautiful shade of pink. Good stem **$3.00**

†**CAMBRIAN (English Cactus)**—Clear salmon lightening to yellow at tips. Form irregularly incurved, the back florets turning abruptly across the face of the flower. Fine for exhibition. Habit and flower stem good..... **50c**

CAPTAIN SCOTT (English Cactus)—A very free flowering white with long petals. Good stems and constant bloomer throughout season **50c**

†**CARMEN SYLVIA (Holland Decorative)**—One of the latest and finest of Holland introductions. Flowers are of an exquisite shade of salmon, of fine form, borne freely on long stems. Extra fine for cut flower, as well as exhibition..... **$2.50**

CATO (English Decorative)—Not a large flower, but wonderful for cutting, as its lasitng qualities are unusual. Color soft silvery rose, on long, rigid stems. Very free blooming..... **50c**

CHALLENGER (English Decorative)—The florets are broad and flat at base, but partly twisted cactus fashion at points. Color deep salmon overlaying yellow, but a peculiarly pretty rosy tint at tips adds to the beauty of the whole. Two first-class awards **50c**

CHAS. SHERBROOKE (Oregon Hybrid Cactus)—A large flower with curly petals. Color is scarlet with orange reverse. Free flowering on good stems, and keeps well as cut flower. This beautiful variety is of Oregon origin..... **50c**

†**CHIEF SEATTLE (Washington Paeony)**—An immense flower on long strong stems. Color is a most delicate shade of shell pink, particularly beautiful **75c**

†**CLAREMONT (California Decorative)**—Pale salmon pink, shaded yellow. A beautiful flower, with curly petals, on a very good long stem **$2.50**

CURLEW (English Cactus)—Old Rose color, massive full flowers, very long florets incurving right over center, splendid size and shape **75c**

†**COLOSSAL PEACE (American Hybrid Cactus)**—A massive Dahlia of the Kalif form and size. Color creamy white at center shading to violet rose, with lighter tips..... **$2.50**

†**COMPTESSE NADA (French Hybrid Cactus)**—Shades of cream and tan, edges faintly flushed lavender. Petals beautifully curved **$1.50**

CONSTANCE (English Cactus)—A rich creamy yellow suffused rosy pink on outer florets; a very attractive color, flowers large, very full and deep, fine center, very long florets moderately and regularly incurved. Good stems. Two first-class awards **50c**

Stock limited on varieties marked †.

COPPER (California Decorative)—Odd coloring, being copper shading to bronze. Tall growing, free bloomer, good stem.....**50c**

COPPERFIELD (Holland Decorative)—A very late importation. Color cinnamon with dark center. Well formed flower on long stiff stems **$2.00**

CREAM KING (English Decorative)—An immense flower on long strong stems. Color is a deep cream. One of the most satisfactory **50c**

†**DANDY (English Paeony)**—Scarlet crimson flowers on long strong stems **$1.00**

DIANA (Holland Hybrid Paeony)—Crimson with viotel reflex. Good stems and is considered one of the "good ones" in the Holland varieties **75c**

DOMINO (English Paeony)—Crimson shaded maroon. Large irregularly shaped flowers on good stems.....**$1.00**

DREAM (Holland Decorative)—Conspicuous salmon shade with amber-like glow. Flower of supreme beauty and perfect form. Long strong stems.....**$1.00**

DR. HARRY TEVIS (California Decorative)—A decorative of enormous size. Flowers measure 9 to 11 inches in diameter, held erect on long stiff stems; a pretty shade of salmon rose suffused with gold. A rare novelty.....**$1.00**

EDITH CARTER (English Cactus)—Color is yellow for about half the length of petals, then ermine to the tips. Good stem...**50c**

†**EDITH CAVELL (English Paeony)**—An enormous flower on a very long stem. Habit of growth quite erect. Color is old gold, shaded reddish bronze. Think this is the best English paeony of the year.....**$1.50**

ERIN (English Cactus)—Bright orange red or cinnamon reddish orange. Flower large, outer florets almost straight, center slightly incurved, strong erect flower stems. Two first-class awards **50c**

†**E. F. HAWES (English Cactus)**—Clear salmon pink on strong cane-like stems **$1.00**

E. CHEVALIER (French Decorative)—White base, bordered garnet. Good stem. Very distinct.....**75c**

EXCELLENT (English Paeony)—Color coral, shaded with cardinal. Large blooms, good stem.....**$1.00**

EXMOUTH GLORY (English Decorative)—A medium size Dahlia of very graceful form and lovely coloring, it being bright yellow with orange shading, each petal deeply tipped white. A very free gloomer with a good stem.....**75c**

F. M. BERESTEYN (English Peony)—A particularly good duplex Dahlia. Color is a beautiful shade of heliotrope.....**50c**

†**FOREST LOMA (A Stillman Paeony)**—Deep cerise pink, blotched and streaked canary yellow, with yellow at center. Petals are finely formed and numerous and curled at points. Very large and another erect specimen on good stems. Price.....**$1.00**

FRANS LUDWIG (Holland Decorative)—A late introduction of an exquisite lavender pink shade, showing a bright pink in artificial light. It is considered one of the finest cut flowers known. Medium size flowers on wonderful stem.....**50c**

†**FUTURITY (English Decorative)**—One of the best. Large flowers on long erect stems and freely produced. Color is pink shaded with yellow **75c**

Stock limited on varieties marked †

GARIBALDI (Holland Decorative)—One of the best from Holland. A very full and very large flower with very fluffy petals on a good stem. Color is a bright scarlet. Particularly attractive **50c**

GEISHA (Holland Paeony)—Yellow and red. A most wonderful Dahlia. If you love gorgeous coloring, here you will find it in the orange, red and yellow of this mammoth flower. Geisha flowers are held aloft on long stems in a stately manner, befitting their glorious coloring..... **50c**

GENL. JOFFRE (English Decorative)—Deep crimson edged scarlet, a pleasing shade. Long strong stems..... **75c**

†**GENL. JOFFRE (French Decorative)**—A splendid cut flower. Color is a delicate pink shading to white. A beauty..... **75c**

GEN. SIR DOUGLAS HAIG (English Cactus)—Flowers of perfect form, the slender tubular florets incurving and twisting irregularly and making ideal exhibition flowers of good size. Plants have an upright style of growth with capital long flower stems. The color is second to none, being a lovely combination of the shades of pink, grading from almost white to pink, then lighter again. Two first-class awards..... **75c**

GEORGE WALTERS (California Decorative)—One of the very largest Dahlias on long strong stems. Color is salmon with a golden sheen. This is one of the best Dahlias ever originated in California **75c**

†**GIANT, THE (English Paeony)**—Crimson shaded scarlet. An enormous flower on stems 18 inches long..... **$1.00**

†**GLOIRE DE PARIS (French Show)**—A purple crimson flower of immense size, with huge strong stem. A wonderful keeper. Very scarce **$1.00**

†**GODFREY'S CRIMSON (English Decorative)**—A very large bright crimson flower, darker center, on a long strong stem. A very satisfactory variety..... **$1.00**

GOLDEN PRINCE (English Paeony)—A beautiful variety on good stems and of a golden color much wanted in the paeony section. It attracts great attention wherever displayed, and is a very satisfactory flower that will become a general favorite..... **75c**

GOLDEN WEST (California Hybrid Cactus)—A wonderful California Dahlia, free blooming on strong long stem. Color a golden yellow **50c**

GOLIATH (English Paeony)—Bright scarlet blooms on long strong stems. Very free bloomer, very large flowers the shape of Cream King **75c**

GRIZZLY, THE (California Decorative)—A dark maroon red decorative. Without a doubt this is one of the best and most prolific Dahlias to date. Stems 3 feet long; plants grow 3 or 4 feet in diameter, flowers are extra large and reflexed, which makes it attractive. Awarded prize C. D. S. Trial Garden, 1917. A rare novelty **$2.50**

GWENDOLYN TUCKER (English Cactus)—An exquisite variety on good stem. Color is pale flesh pink, nearly white at center. A perfect beauty..... **50c**

HAROLD (English Decorative)—Color salmon red. Large flower with long blunt petals on good stem..... **50c**

HELEN DURNBAUGH (California Hybrid Cactus)—Delicate blush, deepening rapidly toward the center to an intense, soft glowing pink that defies description. Blooms medium to large, and to the touch feel like satin. The greatest Dahlia introduced in 1918 ..... **$2.00**

Stock limited on varieties marked †

HENRY MAIER (California Decorative)—Beautiful shade of rich golden yellow. Good for all purposes. Fine true form, large size on long stiff stem. Free flowering and a fine cut flower **50c**

HERBERT RABY (English Cactus)—A giant, the flowers being among the largest. The florets are narrow, tubular and prettily arranged, often not only incurving, but also twisting like a spinning wheel. Habit is very good, plants are erect, with stout wiry flower stems. Color is purplish crimson throughout. Particularly good **50c**

†**HI GILL (Washington Paeony)**—A very large flower on long strong stem. Free bloomer. Color is golden yellow, reverse of petals, deep reddish copper..... **50c**

HOCHSAI (Holland Decorative)—Yellow overlaid with deep red; large flower held erect on long stems..... **75c**

HOFFNUNG (Hybrid Cactus)—Light yellow in center, changing to deep rose. Long loose petals and good stem. A favorite.... **50c**

HORTULANIS FIET (Holland Decorative)—Salmon rose, shading to old gold in center. An immense flower on long strong stem **75c**

HUGH McNEIL (English Cactus)—Stems long and stout; free flowering and always full to center. Color beautiful shades of dark pink **50c**

IMP, THE (English Cactus)—The darkest Dahlia yet raised, called by some the Black Dahlia. Very reliable, large and good shape **50c**

At the California Dahlia Society's Show, 1919, a committee of artists awarded The Imp the second prize as the most artistic Dahlia exhibited.

INSULINDE (Holland Decorative)—Colossal flowers of a rich golden orange color. Form of flower everything which could be desired. Admirable for cutting and exhibition. One of the very finest sorts yet produced..... **$2.00**

IVORY WHITE (English Cactus)—Although not a pure white, it is a beauty, being an extremely fine build and shape of flower after the style of F. W. Fellowes. It is a strong grower, good habit, with very long and strong stems..... **75c**

JANE SELBY (California Decorative)—Large flower of delicate mauve pink, of great depth and substance. Good stem and good as cut flower..... **$1.00**

JONKHEER BOREEL (Holland Decorative) — An elegant large, showy flower. The color approaches that of the King of Autumn, one of Holland's best..... **$1.50**

JULIAN (English Cactus)—Flesh pink, toning to white center. Large flower incurved, narrow florets and good center, and good stem **$1.00**

†**JUSTICE BAILEY (Colorado Hybrid Cactus)**—A Colorado variety which created a sensation in 1916. Color rich glowing pink, shading a little lighter toward center. Large flowers on good stems **50c**

J. M. GOODRICH (an Alexander Decorative)—It has size and beauty. Exceptionally long stems and is free flowering. The coloring is entirely new and wins instant favor. A beautiful salmon pink, each petal effectively tipped primrose yellow. The nearest to an ideal Dahlia we have been able to introduce..... **50c**

KAKADEE (Scotch Paeony)—A dwarf growing variety, with large flowers on good stems, carried well above the foliage. Color

Stock limited on varieties marked †

KAKADEE (Paeony)—A Scottish creation. A dwarf growing variety, with large flowers on good stems, carried well above the foliage. Color pale yellow center, passing to white at tips. Particularly fine **50c**

KALIF (Hybrid Cactus)—A wonderful and beautiful flower of pure scarlet, carried on a very long and strong stem. Remarkably free bloomer and particularly good as a cut flower. It is certainly a prize..... **50c**

KIFFIN ROCKWELL (French Decorative)—Very, very large full flowers. Outside petals rich bronze. Inside petals bright golden yellow. Sometimes tipped white. A very rare, beautiful Dahlia **$1.50**

KING ALBERT (Holland Decorative)—Broad twisted petals, forming very large flower. Color rich purple. Very distinct and a fine thing. Novelty from Holland..... **$1.00**

KINGFISHER (English Cactus)—Pure lilac with lighter disc in center. A beautiful variety, but not particularly free bloomer **50c**

KING OF THE AUTUMN (Holland Decorative)—The pride of Mr. Hornsveld. The shade is quite new, buff yellow suffused terra cotta. Stems very long and strong, wonderful keeper as cut flower. Very free bloomer. Five highest awards..... **75c**

†**LADY SWAYTHLING (English Cactus)**—Large flower, salmon pink in color. Constant bloomer and one that always pleases. **75c**

LA FAVORITA (California Hybrid Cactus)—This splendid new variety is a beautiful brilliant salmon, shading from a dark reddish salmon in the center to salmon pink at the twisted points. Form perfect, showing a full center, even late in the season. Each bloom carried on a strong stem..... **$2.50**

LATONA (Holland Paeony)—A buff yellow semi-double flower. Very free bloomer and very good stem. Very attractive.... **75c**

LAURA (English Paeony)—Pale silvery rose. Very large flowers with broad twisted petals, on strong, erect stems..... **50c**

LAURA BARNES (a Colorado Paeony)—Beyond question one of the grandest paeony Dahlias ever introduced. Only words of praise have come from those who grew the variety last season. The immense orange red flowers are pleasing to all. It is today one of the most popular Dahlias of recent introduction..... **50c**

LIBERTY (English Paeony)—Well known as one of the finest known Dahlias. Color is salmon scarlet, long stemmed and free bloomer **50c**

†**LIBRA (English Paeony)**—Bright rosy red, grand habit, free flowering with extra long stems. A favorite..... **$1.00**

LAVINIA (English Cactus)—While this novel cactus is not new, I do not think it is so well known as its beauty demands. In form it is unlike any other cactus, its florets being spirally twisted, making a very graceful and artistic flower. In color it is uniquely described as coppery red to madder crimson. The stock of this lovely Dahlia is very scarce in this country.... **75c**

†**LORD KITCHENER (English Cactus)**—This exceedingly free flowering variety, in color a lovely shade of reddish salmon, produces perfectly shaped, finely quilled blooms, borne on long, rigid and upright flower stems, and is excellent for either exhibition or garden effect. This superb novelty has received two first-class awards **$1.00**

LORNA DOONE (English Cactus)—Color yellow at base, but the greater part of the floret is a pinkish shade, yet so delicately tinged with carmine as to make it quite distinct..... **50c**

Stock limited on varieties marked †

LEO XIII (Holland Paeony)—An extremely large Holland variety that is always good. Color clear bright yellow. Stem very good and it is a constant bloomer. Sure to be satisfactory..**50c**

MADONNA (English Decorative—Flowers are of the hybrid cactus type, and though bold and large, are not coarse, for by the graceful arrangement of the semi-curled and twisted petals a distinct and charming character is obtained without stiffness. The blooms are often over 8 inches across, and the ivory white petals, which glisten, are so numerous that high, full centered flowers can always be expected. The habit of growth is compact and perfect. It is a very free bloomer and the flowers are borne on long stiff stems and last well for many days when cut. Two first-class awards.....**$1.00**

MAGNIFICENT (California Cactus)—A flower of fine form and immense size, coming 8 inches in diameter without disbudding. The color is difficult to describe, the ground color being oriental buff, overlaid with silvery rosy salmon. A wonderfully free bloomer **$1.50**

†**MARY C. BURNS (California Decorative)**—One of the best of recent California introductions. Color is a combination of red and old gold, the outside of petals being old gold and the reverse a dull red. The stem is particularly good. It is a free bloomer and every blossom is perfect. A wonderful exhibition and garden variety.....**$3.50**

†**MATADOR (French Hybrid Cactus)**—A glorious flower of old rose with cleft petals. Large size, and good in every way.....**75c**

At the California Dahlia Society's Show, 1919, a committee of artists awarded Matador first prize as the most artistic Dahlia exhibited.

MELODY (English Cactus)—One of the most distinct, color being clear yellow for half the length of florets, balance pure white. Stems good **50c**

MEYERBEER (Paeony)—One of the largest flowers in commerce. Color is a dark cardinal with purplish center. Long strong stems. This variety always attracts great attention from Dahlia lovers **75c**

MILLIONAIRE, THE (a Stillman Decorative)—A monster Dahlia, standing erect on a strong stem. Color is light lavender lightening to white in center.....**$2.00**

†**MILTON EDWARDS (California Hybrid Cactus)**—An entirely new shade, which might be called henna. It is of very odd form and the flowers are very large. The stems are as good as it is possible to be and, all in all, it is a very wonderful Dahlia and one that should be in every collection.....**$3.00**

MINA BURGLE (California Decorative)—Rich cardinal red, a very free bloomer on very good stems. Exceptionally good as a cut flower **25c**

MISS JUDD (English Cactus)—A model Dahlia, both as regards plants and flowers. Color lemon yellow at tips and base tinged and blended with shades of pink. Flowers are globular shape, more than usually incurved and claw-like. Very free flowering on good stems. Two first-class awards.....**50c**

†**MONDSCHEIBE (Paeony)**—Here we have an immense clear yellow on a good strong stem that is a pleasure to possess.....**50c**

Stock limited on varieties marked †

MME. BUTTERFLY (American Hybrid Decorative)—The greatest novelty of the season. Flowers of wonderful grace and color combinations of violet rose shading darker at tips and blending to a deep golden yellow at base of petals. The long, rather narrow, pointed petals twist, showing a rosy magenta reflex, making it very unique.....**$2.50**

MME. E. P. DE NORMANDIE (California Cactus)—Silvery pink shaded lilac. Large flowers of distinct appearance. Fine for cutting **$1.00**

MME. VARD (French Paeony)—One of the largest and most striking in this class. Color is currant red shading to yellow in center. Good stems **50c**

MRS. ADDISON PRATT (American Hybrid Decorative)—Flowers of immense size on good stems. A great exhibition variety, with petals long and twisted. A beautiful blending of violet rose and deep buttercup yellow.....**$2.50**

MRS. CARL SELBACH (California Decorative)—American Dahlia Society's Certificate of Merit, 1919. Immense lavender pink blooms on especially long strong stems. A perfect exhibition as well as cut flower.....**$3.50**

MRS. C. COOPER (English Cactus)—One of the finest Dahlias I have yet seen, flowers being of immense size, on good stems, and a free bloomer. Color is cream, the outer petals lightly suffused salmon **75c**

MRS. EDNA SPENCER (California Hybrid Cactus)—A new introduction. A flower of delicate and exquisite shade of orchid pink. Very beautiful and of good formation and stems. Received certificate of merit at the Trial Gardens, San Rafael, California, 1917. A lasting cut flower of unusual color. This is one of the finest of Mrs. Edna Spencer's productions.....**$1.50**

MRS. HERBERT BLACKMAN (English Cactus)—No longer can it be said that Cactus Dahlias are weak stemmed. This is another variety with a splendid stem, long, stiff and upright, carrying flowers of good size and evenly incurved shape. Color pretty rosy pink on older florets, then lighter to blush, and finally white at center. A cactus useful for any purpose, and in many respects a decided advance.....**$1.00**

MRS. JACK GREEN (California Paeony)—A very large and full flower on a strong stem. Color a beautiful shade of rich scarlet. A California Dahlia that the originator may well be proud of **50c**

MRS. JESSIE SEAL (California Paeony)—One of the best of recent California introduction. Good plant, good stem and good in every way. Flower of largest size and color, a beautiful shade of salmon pink.....**$1.00**

MRS. MARGARET STREDWICK (English Cactus)—Far and away the finest Dahlia we have ever raised, and one combining so many good points that we are in no danger of exaggerating its merits. The coloring is a combination of tints of pink, softening and deepening at tips and base. The form as perfect as possible, and what is more remarkable, the plants have a grand habit, with strong, stout, upright flower stem. In fact, as grown with us, this is the Cactus Dahlia we have been working for as raisers for many years. Originator's description....**$2.00**

MRS. WARNAAR (Holland Hybrid Cactus)—A magnificent Holland variety on good stems. Color a very pale shade of pink. An exquisite flower **$1.00**

Stock limited on varieties marked †

MRS. W. E. ESTES (California Hybrid Decorative)—A very fine new snow white Dahlia of much merit. Broad and long, pointed petals, forming a flower of great size. This is easily our best white Dahlia to date.....**$2.00**

†**MRS. DOUGLAS FLEMING (English Cactus)**—One of the finest white cactus. The plants are excellent and produce flowers freely **50c**

NATALIE MAY (California Paeony)—Deep burgundy with maroon suffusion shading to cream at edge. Tiny petals clustering around center **$1.50**

NEVADA (California Decorative)—A large white, the shape of Beloit. Good stem and free bloomer.....**50c**

NIEELUNGENHORT (Hybrid Cactus)—A large flower on a good stem. Color salmon rose with golden suffusion.....**50c**

NORMAN (English Cactus)—Blooms are large and of the finest quality. Color is scarlet shading to orange. Very satisfactory **75c**

OCEAN SPRAY (Oregon Decorative)—A large creamy white flower on long strong stems. Very full flower that keeps remarkably well when cut. Free bloomer and very satisfactory in every way. One cannot make a mistake in planting this favorite..**$1.00**

†**OLD GOLD (English Paeony)**—Deep golden amber, very large and very free on particularly good stems. One of the very best **$1.00**

ORIANA (English Paeony)—An incomparable flower of rare beauty, on long strong stems. Color is pure rose. It is a free bloomer and no description can do it justice.....**50c**

†**PACIFIC (California Paeony)**—A California Dahlia of fine form and good stem. Color is beautiful pink, shaded and suffused yellow **50c**

PAUL GRAMPEL (Holland Decorative)—Brilliant scarlet. Best of this class. Perfect form. Fine for cut flowers.....**$1.00**

†**PEARL RUGGLES (California Paeony)**—A gem from the Santa Cruz mountains. Color is carmine rose shading to light pink at outer edges of petals. A wonderfully beautiful flower, carried well above foliage on strong stems. I consider this the finest paeony ever originating in California.....**$2.50**

PIERROT (English Cactus)—A unique and striking variety, the color being amber, boldly tipped with pure white. Plants are of splendid habit and the flowers are very large. Two first-class awards **50c**

†**PIERRE LEBLOUD (French Decorative)**—Many Dahlia fanciers say that this is the most beautiful and satisfactory of all decoratives. Flowers are of large size on long strong stems. Color is a deep cardinal, regularly tipped white. It attracts great attention and praise wherever exhibited.....**50c**

PITTI SING (California Paeony)—Beautiful oriental red with gold suffusion, large and beautifully formed.....**$1.00**

PHENOMENAL (English Cactus)—This Dahlia phenomenon is totally distinct and unlike any cactus variety yet raised. Flowers are large and florets long and ribbon-like; these incurve to such an extent that they at last form a tangled mass more like a certain Japanese Chrysanthemum than a Dahlia. Color is pale shades of salmon with yellow at base and a decided yellow at tips. Flowers develop slowly, but last well.....**50c**

Stock limited on varieties marked †

POLARIS (California Decorative)—The best pure white Decorative yet produced. Flowers of immense size and perfect form. Good stem **$1.50**

POLAR STAR (English Decorative)—The purest white Dahlia of remarkable beauty. Flower is large and full and carried on 18-inch stems. For a white Dahlia it is unsurpassed both in appearance and free blooming **$1.00**

PRES. LINCOLN (New Holland Decorative)—A clear dark lilac of fine habit, on a particularly good stem **$1.00**

PRIDE OF CALIFORNIA—A large red decorative that cannot be beaten; very large flowers, held on extra good stems, very prolific and an exceptionally good keeper. Fine for garden and exhibition. Awarded second prize C. D. S. Gardens, 1917... **$1.00**

PRINCE ALEXANDER (French Decorative)—Surely a prince among Dahlias. A very large flower held erect on long strong stems. Beautifully shaped and color is shades of cream and tan flushed mauve rose **$2.50**

PRINCESS PAT (California Decorative)—This beautiful new Dahlia is a soft old rose in color, is very large, blooms averaging from eight to ten inches across, and is of great depth. It is borne on long, stiff stems; has a splendid habit and good keeping qualities **$2.50**

PRINCESS MARY (Holland Paeony)—Vivid light pink, margined blush. Very showy. Carries a mass of flowers on strong stems **75c**

QUAKER CITY (Hybrid Cactus)—In this fine new Cactus Dahlia each petal is supplemented with from three to six narrow pointed petals, showing up through the flower, making a very attractive and artistic flower, of good size, borne profusely. Color primrose yellow **$1.00**

QUEENIE (English Decorative)—Golden amber tipped salmon red. Large and almost globular flower. Free bloomer, with good stems **$1.00**

RADEN KARTINI (Holland Decorative)—Salmon shade with lilac and mauve. Large flower, strong stems, very free bloomer.. **$1.50**

†**R. C. UNWIN (English Cactus)**—A large, gracefully incurved flower of reddish salmon, suffusing to yellow at base. Very satisfactory **50c**

RHEINISCHER FROHSINN (Hybrid Cactus)—An oddly beautiful variety that is a joy to behold. The center is cream, changing to a carmine rose. Its odd shape, combined with this coloring, makes it very desirable **50c**

ROSE GEM (Holland Decorative)—A very handsome flower of delicate pink. Very free bloomer on stout stems **75c**

†**ROSEMARY-MICHAEL (California Decorative)**—A beautiful rose colored novelty, an unusual and rare shade. Good stem. Full flower **75c**

†**New—ROWENA (English Decorative)**—Fawn suffused salmon, reverse and center tinted violet. Fluted petals. Large full flower on long strong stems **$1.00**

RUTH C. GLEADELL (California Hybrid Cactus)—A fine hybrid of sunburst shades; soft yellow shading to pink on the outer petals. Good stem, large size, excellent formation, and a free bloomer **$1.00**

Stock limited on varieties marked †

†**RUTH LATIMER (California Paeony)**—Color two shades of lavender with white stripes on yellow base. Good stems and very early to bloom.....**$1.00**

†**SALVATOR (Holland Paeony)**—Deep rose pink, long stems. A high standard novelty.....**75c**

SAMMIE (American Decorative)—The largest ball-shaped yellow decorative Dahlia grown. Color clear deep primrose yellow; of good substance on strong stems.....**$1.00**

SEARCHLIGHT (English Cactus)—A yellow form of Miss Stredwick. Flowers are large and beautifully incurved, florets narrow **50c**

SELMA (English Paeony)—Very pale pink. Narrow petals curving backward. A very beautiful flower on good stem.....**50c**

SENTINEL (English Cactus)—A grand variety, producing huge flowers on good stems. Color for most part a shade of deep rose, but at the base there is a disc of white, which prettily relieves and enhances the darker coloring.....**75c**

SIMPLICITY (Holland Hybrid Cactus)—This was the finest Dahlia imported from Holland in 1916. Color a clear pale lilac. Stems extra long and good.....**75c**

SOVEREIGNTY (English Cactus)—One of the largest Cactus Dahlias. Plants are strong growers and produce a long succession of fine blooms. Color is pure yellow.....**75c**

SOUVENIR DE MAASIJK (Holland Paeony)—A very large salmon pink Dahlia from Holland, with long strong stem. Very good.**75c**

STARTLER (English Decorative)—One of the largest in this section. It has a fine erect habit, and is a very free flowering, producing blooms often ten inches across, of a pleasing scarlet color. It has very long flower stalks and is extra good in every way **$1.00**

STERNA (Holland Paeony Decorative)—One of the most beautiful Dahlias that ever came out of Holland. In color it is a pale sulphur white with a lovely yellow center. The stem is of the best, the blooms are always perfect and the shape everything that could be desired. The petals are very wavy.....**50c**

SULPHURIA (English Decorative)—One of the earliest to bloom. Sulphur yellow, with long petals throwing back like a Japanese chrysanthemum. Blooms are large and very free. A variety that has come to stay.....**50c**

SUSSEX (English Cactus)—This variety has the narrowest florets of any in our collection, and yet withstands bad weather conditions better than many of the coarser sorts. Flowers are far above the average width and of flattish form, but the petals slightly and evenly incurve at the tips. Habit very fair, the stems being long. Color clear light yellow.....**$1.00**

SWEETBRIAR (English Cactus)—An exquisite shade of rose pink. The finest pink Cactus Dahlia on the market.....**50c**

TERRA COTTA (Holland Decorative)—A large full flower of the true Holland type, with graceful wavy petals and always full to the center. It has a grand stem and is always a mass of bloom **75c**

TIARA (English Cactus)—Orange red, distinct yellow zone at base of petals. Large incurved flower, narrow florets, good stem.**75c**

Stock limited on varieties marked †

TOM LUNDY (California Hybrid Cactus)—A very large California variety on good stem. Color is deep crimson. Very satisfactory **75c**

TURNER (English Paeony)—This is one of the finest Paeony Dahlias ever introduced, being a lovely shade of pink that is always admired. Good stem..... **50c**

UNION JACK (English Cactus)—Bright red, shaded and tipped white. Without doubt the finest tipped variety in commerce. Very free flowering..... **50c**

VALIANT (English Cactus)—One of the finest Cacti introduced in years. A giant flower of brilliant crimson, carried on a giant stem. Perfectly incurved, florets long, narrow and intermingled **75c**

VAN DYKE (English Paeony)—Probably the most popular of all Paeony Dahlias. Flower is very large on a long strong stem. Color is salmon shaded heliotrope. Petals are most artistically arranged and it always pleases..... **50c**

VETERAN (English Cactus)—A Dahlia of first-rate habit, and remarkable for its long succession of good well formed flowers, carried on splendid stems. Color crimson scarlet. This is a full sized cactus, with the garden Dahlia habit..... **50c**

VICAR OF WASPERTON (English Cactus)—According to Ridgway's color chart there are three shades of pink in this exquisite flower. The base of the petals is a beautiful alizarine pink with an overlay of yellow, blending to a shade of rosolane pink and edging off to a delicate cameo pink. The center of the flower is a charming primrose yellow. This new creation is one of the best of the English importations, having gigantic size and being ideal for exhibition purposes. The florets are very long, tightly quilled and beautifully incurved..... **$1.00**

VULCAN (English Cactus)—A remarkably full and large English flower. Color deep maroon, and at base of each petal there is a tiny white petal, which adds to the beauty of the bloom. Good stem **$1.00**

WARNEFORD (English Decorative)—Named for lieutenant Warneford, who from his aeroplane wrecked a Zeppelin. Color pure white with beautiful center. Flowers large without coarseness. Very free bloomer on long stiff stems. Four first-class awards **50c**

†**W. D'ARCY RYAN (California Decorative)**—Color violet purple heavily striped white. Large flower and free blooming..... **$1.00**

WODAN (Hybrid Cactus)—Immense flower on a good stem. Color is salmon rose. A very satisfactory Dahlia—quite one of the best **50c**

W. W. RAWSON (Show)—A wonderfully quilled Dahlia of great beauty. Good stem. Color is white, overlaid with delicate lavender **50c**

WYVERN (English Decorative)—This is an entirely new type of decorative, but none the less striking and even more massive in appearance than the pointed petaled varieties. Habit of plant A1, with strong flower stem, and the color is a soft silvery mauve. Two first-class awards..... **50c**

YELLOW KING (Holland Hybrid Cactus)—One of the very largest of its class on long strong stems. Color is chrome yellow. It is fittingly named..... **50c**

Stock limited on varieties marked †

STAR OR COSMOS DAHLIAS

This is a new and interesting type of the Single Dahlia recently perfected in England. The flowers are "star petaled' and about the size of a Cosmos blossom, which they resemble. They are more useful for cutting, being borne on stems often two feet long; the plants being remarkably free blooming, lasting for a long period when cut and extremely showy in the garden.

AUTUMN STAR—Autumn shades. Very pretty and desirable..**50c**

CRAWLEY STAR—Lovely shade of clear rose pink, darker in center. Particularly lovely by artificial light.....**25c**

MORNING STAR—A lovely shade of pink, darkening to maroon in center **50c**

NORTHERN STAR—A distinct shade of satiny rose.....**25c**

SCARLET STAR—A vivid beautiful scarlet.....**25c**

WHITE STAR—Pure white with rich center of orange yellow, closely resembling a water lily.....**25c**

WORTH STAR—A pleasing shade of old rose, with white bars down the center of the florets.....**25c**

YELLOW STAR—A charming shade of soft primrose yellow. Delightful for table decoration. A fine companion for the pink and white varieties.....**25c**

Decorative Dahlia "AMY ROBSART"

Orchid Dahlia "FANTASTIQUE"

Hybrid Paeony Dahlia "GEO. H. MASTICK"

Cactus Dahlia "ST. ELIAS"

CULTURAL DIRECTIONS

Dahlias are easily grown, requiring no special soil, treatment or skill to bring them to perfection.

They are really an Autumn flower and should not be planted too early.

They are remarkably free from disease and have few special enemies.

Plant in sunny situation, although they will do nicely in partial shade.

Prepare the soil by deep spading; if soil is sandy a shovel full of well rotted manure may be incorporated with it; if otherwise use little, if any, fertilizer before plants begin to bud. Add sand or coal ashes to heavy soil.

Drive a stake in each hole to support the plant. Lay tuber down flat with eye upward and next to stake, about six inches deep, and cover two inches with pulverized soil, gradually filling to level as plant progresses.

As soon as plants are large enough, pinch out the top just above the second or third set of leaves; this causes the plant to branch.

Cultivate well until buds appear, then stop all cultivation except light raking after rain or watering, just enough to break the crust of ground; only be sure and do this.

When buds appear spread manure or some fertilizer around plant and rake lightly into the soil.

Unless weather is very dry and hot, do not begin watering until buds appear, then soak the ground thoroughly (not sprinkle) about once a week or ten days. Cut off all faded flowers with as much of the stalk as you can.

For extra large blooms disbud by pinching off all the buds in a cluster except the strongest one.

If bothered by cut worms or slugs, cut a piece of tarred paper 3 inches wide by 10 or 12 inches long, form collar and place around plant, one inch below and two inches above ground.

For cut flowers pick in the evening or early morning if possible; burn the ends of stems in any flame, or dip in boiling water for 10 seconds; after either treatment place in cold water and put in cool place free from draft until wanted.

When frozen down in Autumn, cut stalks off at the ground and dig carefully so as not to break neck of tuber, for the eyes for next season's growth are only found where the tuber joins the stock. Store same as potatoes where they will not freeze, shrivel or rot. Turn the clump upside down to drain out any moisture that may start decay.

When you are through with this Catalogue, I will esteem it a favor if you will hand it to some friend who is interested in growing Dahlias.

Yours very truly,

M. G. TYLER
